Winthrop Park	Just a small circular path	In Wickersley Nr.Rotherham	OS 111 Sheffield & Doncaster

Winthrop Park came from an idea of David and Carol of a therapeutic garden and on Christmas Eve. 2003 they became proud owners of an old disused sewage plant.

The gardens were designed and created to stimulate all the human senses – thereby enhancing the experience and creating a positive feeling that can aid in the therapy of mind, body and soul. fragrances, sights, sounds, etc that jog the memory of childhood good times, etc which can trigger emotions and thoughts that help well-being and mental health.

Great to visit this small garden remarkably put together – with just a few paths – see there excellent website.
